Reflection Guide — where we are in the journey

This wayfinder covers the full guide — every topic from Orientation through the Conclusion, across all three chapters of the book. Each topic pairs with a section the instructor reads aloud in class. When he finishes the matching section of the book, that's your cue to open the guide and spend time with that topic. The three check-in pages (in italics) are your landmarks: the start of the journey, the halfway mark, and the end.
